LOOSE TOBACCO

Sale Will be Held in Hopkinsville Next Thursday.

More Than One Hundred Hog-heads of The Weed Sold Here This Week.

About 100 hogheads of the weed were sold this week. The sales were private. The stock disposed of consisted of some long leaf, a few hogheads of lugs and considerable common and medium leaf. Usual prices were realized, there being no change in the market since our last report. There were no cash receipts reported this week. Loose buyers are busy over the country, but purchases up to this time have not been large. Some new tobacco has been received and as the weather for the past few days has been very seasonable for handling the weed loose receipts are expected to increase materially in a very short time.

R. M. Woodruff & Co. will have a sale of loose tobacco on the floor next Thursday, December 4, when all of the buyers will be present. Woodruff & Co. extend a general invitation to the farmers to attend on this occasion.

BECKHAM MACHINE

Attempts to Order an Unlawful Primary Election.

Platter Taken Into the Courts By a Temporary Restraining Order.

Frankfort, Ky., Nov. 25.—A primary to nominate the Democratic candidates for the nine State offices to be filled at the election in November, 1903, was called this afternoon by the State Executive Committee to be held on May 9. Within an hour after the reaching of this decision a temporary restraining order had been secured from County Judge J. H. Polgrove, of Franklin county, and pending a hearing and decision of this matter by Circuit Judge Cantrill no further steps can be taken by the committee toward preparing for a primary.

It is probable that the case will be heard by Judge Cantrill at Georgetown within the next ten days, and whatever his decision, an appeal will be made to the Court of Appeals by the losing side. It is likely, therefore, that a final decision will be reached before the Christmas holidays, which would be a month before the date fixed for the Subcommittee on Details to report back to the full State Committee.

The petition was filed in court by Charles M. Meacham, the executive committee man for the Second district, who with Ben D. Ringo, voted against the primary plan of nominations. The ground taken in the petition is that the State Committee has no authority for calling a primary; that said primary would entail an expense for which the committee men would be liable under the statutes.

The Injunction.

Franklin Circuit Court, C. M. Meacham, plaintiff, against the Democratic State Executive Committee of Kentucky, Allie W. Young, Chairman Democratic State Executive Committee; Percy Haley, Secretary Democratic State Executive Committee; Allie W. Young, Samuel E. Jones, Mott Ayres, Clem W. Higgins, John M. Lassing, W. A. Young, W. A. Lee, G. W. Roark, Wilkes Morgan, individually, and as members of the Democratic State Executive Committee, of the State of Kentucky, defendants.

The plaintiff, C. M. Meacham, states that he is a citizen of the State of Kentucky, and legal voter therein, and is a member of a political party known as the Democratic party, and as such is entitled to vote and deliberate in selecting its officers and in nominating candidates for office; and is also a member of the Democratic State Executive Committee for the State of Kentucky. That the defendant, the Democratic State Executive Committee, is a voluntary, unincorporated, political association or organization, with headquarters and office in Franklin county and whose members are selected by the members of the Democratic party (a political body) in convention assembled and whose powers, rights and authority are derived only from the rules, by-laws and regulations adopted by the Democratic party in convention assembled. That the defendant, Allie W. Young, is a member of, and a chairman of the Democratic State Executive Committee, and the defendant, Percy Haley, while not a member, is the secretary of said committee. That the other defendants, and the plaintiff are each and all members of the State Democratic Executive Committee.

The plaintiffs say that at the Democratic State Convention, held at Louisville, Ky., in June, 1899, that being a regular meeting, duly and regularly called and assembled, and being the supreme sovereign power in the Democratic organization in Kentucky, the parties hereto, each and all received their appointment as Executive Committee members, and at the same time and place the party by-laws, rules and regulations were revised and readopted, and became the governing law for the party in its own government. At a convention subsequently held in Louisville, Ky., in June, 1900, and again at a State Convention held in Lexington, Ky., in July, 1900, certain amendments were adopted amending the rules and by-laws adopted in June, 1899. Plaintiff says that

The following is the entire party law in force and binding on the party, and its members, and its committees in the State of Kentucky, and besides this there is no other rule, by-law and regulations.

[Here were inserted the Democratic party rules in full.]

Plaintiff says that by the provisions of these rules and by-laws the Democratic State Executive Committee is given power and authority to fix the time and place for the assembling of a convention to nominate candidates for offices to be filled by the voters of the State at large; and are also authorized to fix the number of delegates thereto, based on the vote cast at the last presidential convention for the nominees of the Democratic party. Plaintiff says that in so far as relates to the selection of party nominees for offices for the State at large, the Democratic State Executive Committee, and the members thereof, have no power or authority, except as above set out as being delegated to them by the voters, nor the plaintiff, nor the committee as a whole, were sworn by any officer authorized by law to administer an oath, to faithfully and honestly discharge the duties of such committee, or at all for any purpose.

Plaintiff says that there are now some 1,962 voting precincts in this State, and to hold said primary election it will cost for officers of the election under the law, at the lowest possible figure, nine dollars for each precinct, or \$17,658; for ballot-boxes, \$2 for each precinct, or \$3,924; because, as the plaintiffs, the public ballot-boxes are and will be in use, containing the ballots voted at the November election, 1902, and cannot be used in this primary; for ballots and notice of election (estimated), \$4,000; for rent of rooms in which to hold said primary (estimated), \$2,000; for booths, stencils, etc., to be used by the voters (estimated), \$1,000; a total necessary cost of at least \$28,582 to pay which the committee, and its members, individually and separately, as well as collectively, are and will be responsible, as under the law of the State the expenses of all primary elections must be borne by the political party calling same.

Plaintiff says that to meet this expense of holding the primary election the committee has provided for an assessment against the candidates for the nomination for the various offices above set out, and have provided that the payment of this assessment be a condition precedent to such candidates having their names appear upon the ballot to be used at such primary; all

Democratic party nominees for the offices Governor, Lieutenant Governor, Attorney General, Auditor, Treasurer, Secretary of State, Clerk of the Court of Appeals, Superintendent of Public Instruction and Commissioner of Agriculture, and have provided for counting the votes cast therein by the County Democratic Committee of each county, and certifying the results to the committee, to be compared and counted by them, and the certification of the result thereof to the proper authority, by which certify the person receiving a plurality of the votes cast therein will be declared and certified to be the nominees of the Democratic party at the November election, 1903, for the different State offices above.

Plaintiff says that before entering upon the discharge of the duties of Executive Committee for the Democratic party in the State of Kentucky, and before the assembling of the meeting, or the determination to call said primary election, either of the defendants, nor the plaintiff, nor the committee as a whole, were sworn by any officer authorized by law to administer an oath, to faithfully and honestly discharge the duties of such committee, or at all for any purpose.

Plaintiff says that there are now some 1,962 voting precincts in this State, and to hold said primary election it will cost for officers of the election under the law, at the lowest possible figure, nine dollars for each precinct, or \$17,658; for ballot-boxes, \$2 for each precinct, or \$3,924; because, as the plaintiffs, the public ballot-boxes are and will be in use, containing the ballots voted at the November election, 1902, and cannot be used in this primary; for ballots and notice of election (estimated), \$4,000; for rent of rooms in which to hold said primary (estimated), \$2,000; for booths, stencils, etc., to be used by the voters (estimated), \$1,000; a total necessary cost of at least \$28,582 to pay which the committee, and its members, individually and separately, as well as collectively, are and will be responsible, as under the law of the State the expenses of all primary elections must be borne by the political party calling same.

Plaintiff says that to meet this expense of holding the primary election the committee has provided for an assessment against the candidates for the nomination for the various offices above set out, and have provided that the payment of this assessment be a condition precedent to such candidates having their names appear upon the ballot to be used at such primary; all

If You Would Have Your Ship Come Home Heavily Laden, Launch It!

Mining investments afford the only way for people of small means to make a large amount of money. There are many companies in which stock was selling a few years ago, at a few cents a share and are now worth from one dollar to one hundred dollars. Many homes and the increase of many incomes are the result of the purchase of a thousand or two shares in a mining company.

THE Consolidated Alpine GOLD AND SILVER MINING COMPANY.

Price of Alpine Stock Today is 35c per Share, Par value \$1.

\$ 35.00 Buys 100 Shares.	\$140.00 Buys 400 Shares.
\$ 70.00 " 200 "	\$175.00 " 500 "
\$105.00 " 300 "	\$350.00 " 1000 "

Stock in the Famous Lamartine during its early days could have been bought for what Alpine is selling today. Now it is out of reach and cannot be bought at any price.

All that has been Accomplished by the Lamartine can be duplicated by the Consolidated Alpine, which adjoins the Lamartine.

Price of Alpine Stock today on the Installment plan is 36c.

\$ 6.00 Down and \$ 5.00 per month for 6 months buys 100 Shares.	
\$ 7.00 " " 5.00 " 13 " 200 "	
\$ 8.00 " " 5.00 " 20 " 300 "	
\$12.00 " " 5.50 " 24 " 400 "	
\$18.00 " " 6.75 " 24 " 500 "	
\$18.00 " " 9.75 " 24 " 700 "	
\$36.00 " " \$12.00 " 24 " 1000 "	

The above schedule of installment terms will be modified to suit the purchaser with the exception, that \$5.00 is the lowest cash payment and \$5.00 the lowest monthly payment that can be applied to any size block of stock, and that twenty-four months is the longest period of time.

It is understood that should payments lapse, stock will be issued in even fifty shares for amount paid in at the then selling price of stock. Unpaid stock does not participate in dividends.

WALTER F. GARNETT & CO., Fiscal Agts., HOPKINSVILLE, KY.

Extract from the Report Made by Mr. C. H. Bush, of Hopkinsville, Ky., to His Club, Sept. 1, 1902:

"From the appearance and testimony of old miners who have worked in other mines that were successful, I got a decided impression that the prospects of the Alpine are good for large and inextinguishable quantities of good ore, and to such an extent as to make it a profitable investment. I feel warranted in giving that opinion about it. The Alpine is located near the famous Lamartine, and it is claimed of a parallel vein, and it is urged by those who have worked in both mines, that when thoroughly developed will produce as good ore and in as great abundance." "THE MOCKING BIRD"

Septimus Winner, Its Author,
Dead in Philadelphia.

Was Author of Many Books on
Musical Instruments and Ar-
ranged Compositions For
Violin.

Septimus Winner, composer of "The Mocking Bird," and hundreds of other popular songs, died suddenly Sunday at his home in Philadelphia. He was 76 years old.

Mr. Winner was the author of 200 technical books on musical instruments and arranged over 2,000 compositions for the violin and piano. He also possessed considerable poetic ability, one of his works completed recently being "The Cogitations of a Crank." Mr. Winner was a frequent contributor to Graham's magazine when Edgar Allan Poe was editor of that publication. One of his compositions, "Give Us Back Our Old Commander," written after the removal of Gen. McJannet, is said to have threatened the disruption of the military forces and its publication was stopped by the Government.

Mr. Winner sold the "Mocking Bird" for \$35, but the publishers years later admitted having realized \$3,000,000 from its sale.

BARRED FROM SCHOOLS.

Dark Brunette of French Descent
Refused Admittance on Ac-
count of Her Color.

Evansville, Ind., Nov. 26.—Little Mabel Smith, aged twelve, who was denied admittance to the schools of this county, has been refused admittance to the public schools of Hawesville, Ky., on the ground that she has colored blood in her veins, and as a result a law suit has been filed. The case promises to be an interesting one, and is watched by the attorneys of two states.

Several months ago the Smith girl lived at the Christian Home in this city. She is of French descent and very dark. When she started to enter the Blankenbush school there was a howl raised, and the matter was taken to the city school board Blankenbush being a suburb of this city. All of the patrons of the school withdrew their children and refused to send them back until the Smith girl was taken away. The school board, after several days investigation, concluded the girl had no colored blood in her veins, but it was understood she was to be taken away for the future peace of the school.

The matron at the Christian Home secured a home for the girl with Capt. and Mrs. W. D. Crammond, at Hawesville. The Crammonds are among the most prominent people in Hawesville, the former owning several steamboats. A few days ago, when a request was made to have the Smith girl sent to the city schools at Hawesville, the school board raised an objection, and the Crammonds at once employed W. L. Morrison, of Owensboro, to bring suit against the school board. Capt. Crammond has given out the statement that he will fight the case to the end, as he feels like a great injustice has been done the little girl by two States.

Uncross Your Legs.

"Uncross your legs," said a doctor.
"Oh, no!" said his son. "What's the use of being so polite all the time?"

"My, by," the father answered, "it is not on account of a mere rule of etiquette that I tell you to uncross your legs; but it is because leg-crossing is an injurious thing, a thing as baleful to the health as kissing or as microbes."

"When you cross your legs you fit the keccak of the upper limb into the cavity under the knee of the lower one. In the cavity that you thus compress there are the two important exterior and interior popliteal nerves, and a number of glands and blood vessels. Compression does not act well on these organs. It benumbs them and weakens and emaciates them. You feel the injury in a numbness of the whole leg—the leg goes to sleep."
"Keep on with the habit, and your legs weaken. They become thin. They lose their shapeliness. It is only such men and women and children as never cross their legs who have strong, and supple and beautiful limbs."

RHEUMATISM.

It used to be thought that rheumatism was a disease of the bones. Now we know that it is a disease of the blood. If rheumatism is to be cured it must be cured through the blood.

Dr. Pierce's Golden Medical Discovery cures rheumatism, because it purifies the blood from clogging and corrupting substances. It removes the cause of disease. Its effects are the same when the impure blood causes pimply eruptions, boils, sores, etc. By its perfect purification of the blood "Golden Medical Discovery" removes the cause of disease, and gives the smooth clear skin which belongs with good health.

"I cannot praise my medicine too highly," writes Mr. James E. Cramp-ton, of Sharpsburg, Washington Co., Md. "I was in business in Baltimore and had rheumatism for three months, couldn't walk at all. I tried the best doctors I could get but they did me no good. I took three bottles of Dr. Pierce's Golden Medical Discovery and it cured me sound."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good."

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

MISSING MAN LOCATED.

W. S. Vanderbilt Allen Confined In Private Sanitarium For Years.

New York, Nov. 27.—Wm. S. Vanderbilt Allen, great-grandson of Commodore Vanderbilt, society man, artist and formerly well known here and at Newport, and who disappeared rather mysteriously six years ago, has been during that time an inmate of a private sanitarium in Connecticut. His whereabouts became known when he was brought to New Rochelle for examination before a commission as to his sanity. The action was brought by E. H. Sutton, of Bloomfield, N. J., who is related to Allen. Sutton told the commission that Allen suffered from hallucinations, that he was being persecuted by creditors and asked that he be legally committed to an asylum, no such step having previously been taken.

Allen then addressed the commission in carefully chosen language. He was utterly in the dark, he said, as to why the proceedings had been brought and he asked for counsel. He was kidnapped six years ago, he declared by two doctors.

"They took me from my sister's home at Rye, where I was visiting," he continued. "They came there pretending they were detectives who were interested in a case of mine in New York. They got me to drive with them to Port Chester. When we got to the station I was snatched up by two attendants, placed on a train and taken to Connecticut. I placed in a sanitarium. At first I was allowed the privilege of the library, but for the last nine months I have been confined to a hall room. It has been impossible for me to communicate with any of my relatives. I have a \$6,000 library at Rye and there are enough pictures locked up in my sister's storehouse to pay all my debts."

The commission decided that Allen should have a further examination with counsel and set the hearing for Dec. 3.

PISTOL GRABBED

By The Woman, Who Shot The Man Dead.

Columbia, S. C., Nov. 25.—Mrs. Mary E. Elliott, living in the West Water section of Kershaw county, has won the congratulation of the coroner's jury, as well as her neighbors for miles around, for slaying Edward Kendrick, a powerful negro, in her home last night.

Mrs. Elliott, a widow, lives with her only son, a boy in his teens, in a lonely part of the country, the nearest white neighbor being beyond call. Ned Kendrick came to her house late one night last week and demanded assistance. He said he had friends with him and if the boy showed himself out of his room he would be killed.

Being refused admission the negro broke down the door with an axe. Mrs. Elliott had no weapon of any description. The man declared he would kill both mother and son if any resistance was made. Before the woman was forced to decide between her honor and her son's life the boy dashed out of his room and at Kendrick. His mother threw herself before him and, both unarmed, they grappled with the man with pistol in hand. Mrs. Elliott pressed his pistol arm to his side.

In the struggle all fell to the floor and, in exerting himself to hurt Mrs. Elliott from him, the negro fell his pistol drop. In the fraction of a second the woman seized the weapon and fired. Kendrick was crushed by the boy and still held the woman with one powerful arm, but he was not quick enough to escape. He died almost instantly.—Cincinnati Enquirer.

Best Liniment in Earth.

I. M. McNary, Greenville, Texas, writes, Nov. 24, 1900: "I had rheumatism last winter, was down in bed six weeks; tried everything, but got no relief, till a friend gave me a bottle of Ballard's Snow Liniment. I used it, and got two more bottles. It cured me and I haven't felt any rheumatism since. I can recommend Snow Liniment to be the best Liniment on earth for rheumatism." For rheumatic, sciatic or neuralgic pains, rub in Ballard's Snow Liniment, you will not suffer long, but will be gratified with a speedy and effective cure. 25c, 50c and \$1 at R. C. Hardwick's.

BOILS

Boils were one of the afflictions sent to test the patience of the Patriarch Job. And surely if any physical affliction could put a man's patience to the test it would be boils. But the unpleasantness of such an eruption is, after all, the least important thing. The fact of real importance is the impure condition of the blood which causes the outbreak. It is the same with scrofula, eczema, salt-rheum, tetter, pimples and other forms of eruptive disease. Behind the discomfort of these diseases is the fact that the blood is corrupt, and corrupt blood is the breeding place of diseases far more serious. Good health and bad blood cannot go together. When the blood is pure disease germs find no permanent lodgment in the system. When the blood is impure they breed in it as maggots breed in garbage.

Dr. Pierce's Golden Medical Discovery purifies the blood and removes the cause of the surface eruptions so that they are cured. It cures scrofula, boils, pimples, eczema, salt-rheum, tetter, erysipelas, and other diseases which are the result of the blood's impurity.

"I am glad to say for Dr. Pierce that his medicine has done me more good than all the medicine I have ever taken," writes Mr. Hilary Koons, of Queens, W. Va. I had had scrofula and erysipelas for sixteen years and I heard of Dr. Pierce's Golden Medical Discovery. When I commenced to take his medicine I weighed one hundred and thirty pounds. I have taken six bottles of Dr. Pierce's Golden Medical Discovery and three vials of his "Pleasant Pellets," and I am glad to say I feel like a new man. I now weigh one hundred and seventy-five pounds. When I had used one bottle of the medicine I could feel it was helping me. I realize that Dr. Pierce's Golden Medical Discovery is the best medicine on earth."

Eruptive diseases, especially those which disfigure the face and hands, are peculiarly hard for a woman to endure. She not only suffers the pain and annoyance caused by the eruption, but she is especially sensitive over the disfigurement caused by the disease. Often it drives her to withdraw herself from society, and makes her constantly unhappy at home or abroad. Dr. Pierce's Golden Medical Discovery has cured many such women and restored the skin to its natural healthfulness and smoothness, after other means of cure had been tried without benefit.

"For about one year and a half my face was very badly broken out," writes Miss Carrie Adams, of 116 West Main St., Battle Creek, Mich. "I spent a great deal of money with doctors and for different kinds of medicine, but received no benefit. At last I read one of your advertisements in a paper, and obtained a bottle of Dr. Pierce's Golden Medical Discovery. Before I had taken one bottle of this medicine I noticed a change, and after taking three bottles I was entirely cured. I can well recommend Dr. Pierce's Golden Medical Discovery to any one similarly afflicted."

Of all forms of blood disease scrofula is perhaps the most dangerous and most difficult to cure. But the most obstinate cases of scrofula have yielded to the faithful use of Dr. Pierce's Golden Medical Discovery. After years of suffering and after all efforts to effect a cure have proved unavailing, "Golden Medical Discovery" has effected a perfect and permanent cure.

"I feel greatly thankful for what your medicine has done for me," writes Mrs. Chas. Hood, of Kalamazoo, Mich. "I suffered with scrofula of the head for twelve years. Tried every kind of medicine that I heard of, but found no cure. Every one who looked at my head said they never saw anything like it. With the last doctor I employed before applying to you I got worse every day. Was so miserable that I was unable to do any work at all. After taking two or three bottles of 'Golden Medical Discovery' and using the local treatment you prescribed for me I was cured and my head was entirely free from scrofula."

Remember, that "Golden Medical Discovery" drives the disease out and not in. It drives disease out of the blood, and so removes the cause of scrofulous and other eruptions. There are medicines which will drive eruptions from the surface of the skin, but leave the blood uncleaned. The result is that the diseased condition continues, and it is only a question of time when this fire of disease, which is only smothered, breaks out again. "Golden Medical Discovery" cleanses the blood from its impurities and so builds up the general health. The result is told not merely in the clean, smooth skin, but in the gain of sound flesh, in improved appetite, and in the general healthy feeling which is so commonly expressed in the words, "I feel like a new person."

Those who suffer from chronic diseases are invited to consult Dr. Pierce, by letter, free. All correspondence strictly private. Address Dr. R. V. PIERCE, Buffalo, N. Y.

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. Therefore, accept no substitute for "Golden Medical Discovery."

RING RULE RAMPANT.
The Beckham Machine, well greased and in charge of experienced engineers, put through its well laid scheme and attempted last Tuesday to order a primary election. The game for the present is blocked in the courts by injunction proceedings. The lawsuit at which the usurpation of authority was ordered, was held Monday night with Beckham present to direct it in person and outline a plan to brace up one or two doubtful members who were to arrive the next day. Only Chairman Young, Jones and Lansing were present of the committee. The others were told next day what they were expected to do and the program was put through without a hitch.
The committee met in a room about 18x20 feet, in the building where more than one conspiracy has been hatched, and an executive session was ordered. Everything was cut and dried and the only opposition was from Ringo and Meacham. Mr. Ringo is a Beckham man but found the deal too raw for him. One of the speakers intimated that the only opposition came from a member whose support had not been bought with patronage, or as he put it "who had failed to get something."

Mr. Lansing and one or two others were sent out to bring in the "report" that nestled even then in Mr. Lansing's pocket. It came back without delay and was voted upon as a mere matter of form. The machine had been telling all the morning that the thing was all settled. Mr. Lansing incorporated in the order for a primary a lot of where-ases, apologizing for the usurpation of authority and defending the machine methods adopted. The "call" itself was as follows:
First—That a primary election be held in the various voting precincts throughout the State of Kentucky on Saturday, May 9, 1903, between the hours of 6 o'clock a. m. and 4 p. m., Standard time, for the purpose of nominating Democratic candidates for the various State offices to be filled at the regular election in November, 1903.
Second—That for the purpose of arranging in detail all matters pertaining to the conduct of said primary under the State law, such as printing and posting legal notices, the manner of appointment of election officers, securing suitable rooms in which to hold such election, printing and distributing the ballots, determining the cost of holding such primary and apportioning the same among the different candidates for the various offices and doing all acts and things necessary to the end that the party may have a fair expression of its choice among the candidates for

Deafness Cannot Be Cured
by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Get the Most Out of Your Food
You don't eat and can't if your stomach is weak. A weak stomach does not digest all that is ordinarily taken into it. It gets tired easily, and what it fails to digest is wasted.
Among the signs of a weak stomach are: uneasiness after eating, fits of nervous headache, and disagreeable belching.
"I have taken Hood's Sarsaparilla at different times for stomach troubles, and have been greatly benefited by its use. I would not be without it in my family. I am troubled especially in summer with weak stomach and indigestion and find Hood's Sarsaparilla invaluable." E. B. HICKMAN, W. Chester, Pa.

Strengthen and tone the stomach and the whole digestive system.

the various offices and that a fair, honest and economical primary may be held, a subcommittee consisting of three members of this committee, the chairman and two others to be appointed by him with the approval of the committee, is hereby appointed and given full power to act and do all things necessary in the premises. Said committee shall make all necessary arrangements for said primary and report its action at as early a date as it can, considering the nature and extent of the business to be done, not later than January 15, 1903.
Third—That at said primary the candidate receiving the highest number of votes cast in the race for the office for which he is running shall be declared the party nominee for that office, and in the event that tie vote for any office, then the same shall be determined as the law directs.
Fourth—In said primary election all known Democrats of lawful age and such Democratic youths as will be of lawful age at the regular November election, 1903, shall be entitled to vote.
Mr. Ringo pleaded for a later date and while looking for a calendar Chairman Young said "any date will do," intimating that no change would be made. Ringo and Meacham voted for August and August again against the whole thing.
Jones, Ayers, Huggins, Lansing, Lee, Morgan, A. Y. Young and Roark voted for the primary. Mr. Roark said he was opposed to the primary, but his constituents demanded his vote for it. Others whose constituents opposed it unanimously made no explanation. Chairman Young, Lansing and Ayers were named as a subcommittee to do the rest.
The primary plan was opposed by all of the candidates except those who expect to get on the machine slate. Where the slate is lacking, new men will be brought out, notably for Lieutenant Governor and Attorney General.
The committee proposed to fix a limit of \$20,000 on the expense, although they claimed \$16,100 as the maximum expense, or \$8.20 to the precinct. The officers are allowed under the law \$8 for serving and the sheriff \$1 mileage, (average) this item alone exceeding the entire allowance.
The qualifications clause permits all "good Democrats" to vote, whether they are registered or not, thus coming in conflict with the State laws.
It provides for the use of the county ballot boxes, when they cannot be lawfully emptied of their contents in time for the election to follow. In other words, it is not six months from May 9 to November 3, and the boxes used are to contain the ballots for six months after May 9. This will make it necessary to get 1,962 boxes at somebody's expense.
Other legal remedies the primary cannot be lawfully set forth are contained in the restraining order elsewhere in this issue.
The primary, if held, will be under the entire control of Beckham partisans, backed up by the most unscrupulous political buccanniers in Kentucky. They will travel over the State at public expense to fix up things, distributing money and patronage wherever needed to carry out their plans to force Beckham on the Democratic ticket and invite defeat for the party. The plan may or may not succeed.

The souvenir edition of the Shelby Sentinel, Editor Chas. M. Lewis' wide-awake paper, was the biggest thing of the kind we have seen for a long time. It was creditable in every respect and was filled with all sorts of information about the bustling town of Shelbyville and its people. It had a green cover, but there is nothing green about a people who will sustain such a paper as the Sentinel "in their midst."

The following gentlemen are mentioned as probable candidates for the Democratic nominations for state offices:
Governor—Cripps Beckham.
Lt. Governor—Charlie Poyntz.
Auditor—S. W. Hager.
Treasurer—H. M. Bosworth.
Attorney Gen.—Bob Franklin.
Sec. State—Harry McChesney.
Clerk of Appeals—Morgan Chinn.
Supt. Schools—Bel Wait.
Com. Agriculture—T. T. Hedger.
Kentucky went Democratic this month by 35,000 votes with 200,000 votes staying at home. It is the zealous voter who does the voting. Beware of offense to the 200,000 indifferent and independent voters who may be in politics next year.

COLD WAVE
Came in Time to Make Coal Men Thankful.
Holiday Generally Observed in the City—Union Services Held.
The first cold wave of the season made its appearance yesterday. The day was ushered in with the first snow this winter, which came in striking contrast to the delightful weather we have had for weeks. Thanksgiving Day was generally observed in the city. The banks were closed and the postoffice observed the day. Many business houses were closed a part of the day. Union services were held at the Tabernacle in the morning, which was largely attended. The sermon for the occasion was preached by Rev. J. L. Wyatt.
In the country but little attention was paid to the day, except that "big dinners" were everywhere enjoyed. It was the first "hog killing" weather of the season and many farmers whose hogs were sent corn supplies short, availed themselves of the good opportunity to stick the porkers. From now on things may be expected to settle down upon a winter basis.

Rev. Irl R. Hicks' 1903 Almanac.

To say that this splendid work of science and art is finer and better than ever, is stating it mildly. The demand for it is far beyond all previous years. To say that such results, reaching through thirty years, are not based upon sound sense and usefulness, is an insult to the intelligence of the millions. Prof. Hicks, through this great Almanac, and his famous family and scientific journal, Word and Works, is doing a work for the whole people not approached by any other man or publication. A fair test will prove this to any reasonable person. Added to the most luminous course in astronomy for 1903, forecasts of storms and weather are given, as never before, for every day in the year, all charmingly illustrated with nearly two hundred engravings. The price of single Almanac, including postage and mailing, is thirty cents. Word and Works' with the Almanac is \$1.00 a year. Write to Word and Works Publishing Co., 2201 Locust Street, St. Louis, Mo., and prove to yourself their great value.

VOTING CONTEST.

The Most Popular Lady in Christian
County to Be Determined by Ballot.

The Winner Will Be Awarded a Set
of Furniture worth \$110.

A VOTING contest was begun August 29, for four months, to determine by popular vote the most popular lady in Christian County. To the lady receiving the highest number of votes, we will present an elegant set of bedroom furniture, now on exhibition at Pyle & Gaett'. It of quartered oak, of the finest make and latest style, and is worth \$110. The contest will close at 12 o'clock, noon, Monday, December 29, 1902. The plan will be as follows:

Every subscriber to the Kentuckian who pays back dues or cash in advance will be entitled to cast one vote for each five cents paid. That is to say, a subscriber who pays \$2.00 will have 40 votes, one who pays \$1.00 will have 20 votes and so on for any amount large or small. In every paper published there will be a coupon and these coupons when cut out and brought or sent to the office will represent each one vote. A subscriber will also have the privilege of gathering up coupons clipped by friends from their papers and voting them one at a time, or by the hundred if preferred. One will also have the privilege of buying papers at the office at five cents each and voting the coupons cut from them.

The coupon ballots will be deposited in a ballot box with two keys. One of these keys will be held by County Judge W. T. Fowler and the other by Mayor Jouett Henry. The box will be opened not oftener than once a week, all ballots then in it taken out, counted and certified to, sealed up in an envelope and replaced in the ballot box. The envelope will contain a statement of the votes in it, so that its contents will not need to be counted again until the official count at the close of the contest.

The last week of the contest the ballots may be deposited without showing them, so that the close of the contest may be secret and exciting to the end.
